

## DESCRIPTION

Do the cables fall very often. Now do again bent to pick up that charging wire. Anywhere you wish to have cables temporarily held yet easily removed or extended, Cable Drop gently grasps your power and peripheral cords so they do not fall off your desk every time you unplug your laptop. The ever popular Cable Drop manages your wires and cables easily solving your cable management needs. **Single Cable Holder's** unique design makes cable management fun and can also be used as a general purpose clip in a multitude of creative ways. Use it on your desktop Perfect in Any Environment Cable drop can really blend in with your decor, use them hidden under ledges with the muted colors to match your furniture or bring them to light by using the bright ones. Beyond just preventing cables from falling off a desk, they make great cable clip on furniture legs or walls to control unruly cords. Cable sizes upto 9mm diameter can be held within this holder.

# SINGLE CABLE HOLDER

## nT10AX01
