

DESCRIPTION

Easy Chain is a combination of display conversion pigtails put together in a steel chain that clips to your display cable.

It makes the presentations hassle free and simple so you can plug different presentation sources with different display connectors into the Display cable. It has a P Clamp to enable third party pigtails without the tie holes. The twist open stainless steel lock is encapsulated in the cable clip, which makes it a single piece including the cable clip and the lock and also protects from opening the chain. Resolution supported : Usb C / Mini Displayport / Displayport / Mini Hdmi / Micro Hdmi / Hdmi - 4k2k DVI - 1920X1200 VGA - 1920X1200.

Easy Chain is made up of pvc coated stainless steel chain with stainless steel twist lock terminated at the ends. The stainless steel lock is then encapsulated into the ABS cable clip which can be fixed on the display cable - The cable clip is closed using the stainless steel screws. The chain is provided with the P clamp made up of pvc which is flexible enough to add third party converter pigtails. The converter pigtails are with cable tie holes -through which the chain can pass easily. Resolution supported : Usb C / Mini Displayport / Displayport / Mini Hdmi / Micro Hdmi / Hdmi - 4k2k DVI - 1920X1200 VGA - 1920X1200
